

**FOR IMMEDIATE RELEASE**

Vanguard XXI to Showcase Transformative Leadership Solutions at 16th Annual GVSETS

NOVI, MI, August 8, 2024 - [Vanguard XXI](#), a leading **Service-Disabled Veteran-Owned Small Business (SDVOSB)** specializing in leadership development and executive coaching, will be exhibiting at the Ground Vehicle Systems Engineering & Technology Symposium (GVSETS) 2024. The event takes place from August 13-15 at the Suburban Collection Showplace in Novi, Michigan.

With a proven track record of empowering over **15,000 professionals across diverse sectors**, Vanguard XXI stands at the forefront of organizational excellence and leadership transformation. The company's presence at GVSETS 2024 underscores its commitment to enhancing leadership capabilities within the defense industry and beyond.

"In today's rapidly evolving defense landscape, effective leadership is more crucial than ever," said Dr. Anthony Randall, CEO of Vanguard XXI. "We're excited to demonstrate how our tailored programs can help organizations in the defense sector forge resilient leaders capable of meeting tomorrow's challenges."

Vanguard XXI offers a comprehensive suite of services, including:

- World-class leadership development
- Executive coaching for C-Suite executives, directors, and managers
- International Coaching Federation (ICF) certifications through an ICF-Credentialed coaching academy
- Customized leadership off-sites and retreats
- Keynote speaking

The company's expertise spans various high-performance environments, including **military organizations, federal agencies, professional sports, major corporations, and educational institutions**. This diverse experience enables Vanguard XXI to tailor its programs to meet the unique challenges faced by organizations in the defense sector.

Attendees at the 16th Annual GVSETS are invited to visit Vanguard XXI's booth to explore how the company's innovative approaches can elevate their leadership strategies and organizational performance. Vanguard XXI representatives will be available for one-on-one consultations throughout the event.
